TLS, Inc. is kicking off the new decade with another learning opportunity for YOU!

On January 11 the Wybron Mobile Showroom will be rolling into Huntsville with a slew of their well known products on board for you to learn about and get some hands-on time with. There will be brief "Lighting 101" seminars and refreshments as well.

On January 12, the truck will arrive in Nashville, where there will be two opportunities to get a bit of training and some hands on time. (see info to the right). We are excited to again have access to the Music City Lab.
