TLS, Inc. Rental Department - They Rent Stuff

This space is usually filled with information about an item that's new, or it's on sale, or it's an upgrade. This quarter, however, we're taking a different approach. We're turning the spotlight on ourselves - specifically our Rental Department.

Exactly what does our Rental department do? The obvious answer is "They rent stuff". That statement, though correct, just skims the surface of Rentals. There are things happening behind the scenes to make "They rent stuff" seem as simple as it sounds.

Rental Project Manager, Bryan Comer, says the technical aspect- like software upgrades for boards and intelligent lights- are a big part of the overall job. These upgrades give our customers the latest technology available. Other daily jobs, such as safety inspections on the equipment and prepping, are supervised by Steve Campbell, Services Allocation Manger. This quality control assures the equip-

Rental Fixtures in the Moving Light Prep Area

ment is in good working order when you get it. So what kind of "stuff" does TLS, Inc. rent? Anything lighting related you need to make your show work. We've got it all from the most basic 2-tree system all the way to extensive moving light packages.

Keep this issue; it's a listing of a few of our most

popular rental items. We're using the price to rent for a week as a baseline, although we do rent for longer and shorter periods. Worried about shipping? Don't. Nearly every item we stock has its own "ship-proof" container. Plus, with our central location, we can get it to you quick! Contact our Rental Department today.

The Lamp Wars

With all the lamp manufacturers out there, how do you know which to pick? TLS, Inc. makes the choice easy. We only deal with the most reputable, well-known lamp manufactur-

ers - G.E., Philips, and Osram/Sylvania - to name a few. G.E. lamps are part of this quarter's sale. Check out the great prices and stock up while the prices are this hot!

All Rental rates are weekly. Long term rental discounts are available

DICHROIC THEATRE

Color Merge (<i>dichroic color changer for Source Fours</i>)	buy - \$1329.00 rent - \$56.00
